Coaching the Danish Way:

The Sports-Academy has – through the last 8-10 seasons – built up an international reputation with our close contacts by involving our international students/athletes at our football, handball, sailing and dance-academies!

It gave us the idea of building up a coach-education built on the Danish philosophies of Holistic Leadership and a more than a 100 year old tradition of organising and educating inside sports – in particular team-sports!

Our goal is to start up with a new Coach-Class of 12-16 int. students every August and January. Applicants will themselves have had some experience in leadership and Team-Sport-Coaching, will be aged between 20 – 30 years old and will have the determination to be a top-coach in the future. Educational language is English!

Our local and national, elite network of league-clubs, organisations etc. in Aarhus and DK are all ready to invite our future int. coach-class students to be trainees. The Course will end up with an individual Team-Project incl. your Diploma.

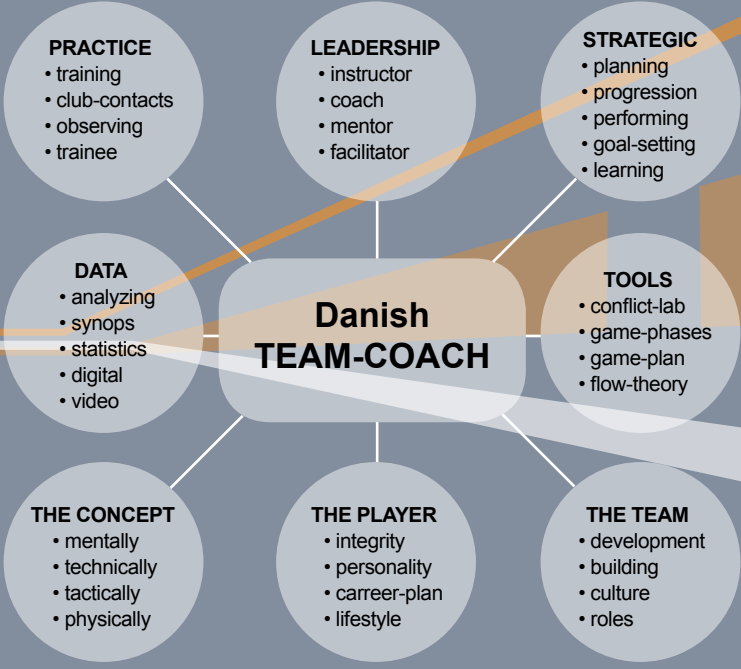

At IHAA we focus on “the complete person.”
That is the qualification for becoming
“the complete player”.

<p>Physically</p> <p>Strength & Conditioning Diet and nutrition Testing Recovery</p>	<p>Mentally</p> <p>Sturdiness Involvement Consideration Frankness Result-oriented</p>	<p>Tactically</p> <p>Structure Creativity Way of thinking Sense of reality</p>

 Development,
 Efficient Culture,
 Values and Visions

Jesper Holmrís
 Int. Handball Coach,
 Former National
 Player, Head Coach
 GB Women Handball

The Academies at IHAA.

How far can you get with your sport if you get the opportunity of training and living under optimal conditions?

This question can be partly answered by IHAA, via our Academies with their goal-directed teaching of dance, handball, sailing and football.

The Academies are the places where as a young and talented student you will experience a daily life that is tailored to the demands of an elite performer. This means that in practice you can "live like a professional".

You will experience a strong, professional environment, where your qualifications and ambitions are taken seriously. At the same time you will be living with a lot of young, focused people who are all committed to sport, body and movement.

Facilities

The Academies are located to VR-Sportcenter in Risskov and the harbour of Aarhus - close to the coming sports-rambla in the town. The Academy has a lot of sports-facilities - 4 halls and a full-size artificial football-pitch. Furthermore we are close to the forest, the beach and " the smallest, big city in the world - Aarhus".

Duration

18, 21 or 39 weeks

Admission January/August

Fee

1500 d.kr. per week

(Incl. board, lodging, and teaching).

Individual scholarships, support and club arrangements are possible.

Information
